

Adjustable Clamps

EXL55663 Adjustable Clamp - 8.1cm

For clamping delicate work where proper pressure is a must. Clamps incorporate side beams marked in inches. Notched jaws to help keep projects steady and tension is kept with an easy to use locking wedge (8.1cm opening, 2.5cm depth).

EXL55664 Adjustable Clamp - 19cm

For clamping delicate work where proper pressure is a must. Clamps incorporate side beams marked in inches. Notched jaws to help keep projects steady and tension is kept with an easy to use locking wedge (19cm opening, 5cm depth).

EXL70060 Adjustable Speed Clamp 10.1cm

Lever action clamp with a 4in - 10.1cm jaw opening allows for fast and exact application of force for delicate projects. Easy to use thumb screw allows for jaw reversal and use as an expander. Includes ribbed rubber grips.
